ג' טבת תשע"ו

15th December '15

To whom it may concern:

As the Menahel of Yesoiday HaTorah School I am writing to say how thrilled I am that we are using the Ne'ima Penima Treasure Hunt programme at our school.

I have been the Menahel at Yesoiday HaTorah School for over 25 years and I have throughout that time searched for a program which would reach the נשמות of our children in a very meaningful way. With thanks to 'ה Ne'ima Penima has provided this incredible opportunity.

Mrs Chrysler has been connected to our school for over two decades and in that time has truly inspired all who come into contact with her. The program which she has developed has been based on a wealth of experience, tremendous thought and reflection as to how best to bring our children close to 'ה. We feel privileged to be able to use this special program, which has been introduced into year four and continued through to year six.

My תפלה is that this special project will pervade throughout many schools.

בברכת כל טוב

Rabbi Y Yodaiken

Menahel
